

Re: Lawrence County  
American Cyanamide

Dear Chuck,

We received your note regarding the American Cyanamide on-site dumping at Marietta. Our Southeast District Office personnel have been involved in this matter and are attempting to resolve it.

The Ohio Solid Waste Disposal Regs address "on-site" disposal on a schedule basis. The county that Cyanamide is in is scheduled for July 1979, however, we are ahead of schedule on this one. An operational report was received and it has been determined by our staff that detail plans will be required--including geological investigation, waste product analysis, etc.--prior to licensure.

As far as solid information to tell you at present, there is little. We do know about the problem and are working on it.

Yours truly,
